Dear Secretary Donna Searey,

This letter refers to CC docket 92-105. Yes, I think will be a great for same number all the state same number of relay number please do it! I think that better the number is 711 for TAD and 511 for voice. I agree with you that be great number for call relay easy for deaf people. Maybe I will remember the number of relay. Most all the deaf people know easy one number.

Dear Secretary Donna Sara,

This refers to CC docket 92-105.

I heard the great idea about tty relay, it would help for somebody to call on the relay. It should be more easier than memory different relay in each states. The relay phone number is 511 for voices caller, and 711 for tdd callers around the United States, and it will be so great and I agree too. I wish I can call 711 on tdd even time what I need someone to talk.

Thank you,

Jessica Boardman

I love your idea about having the same number of relay for all over the U.S. because it'll help each other through relay.

Also I think the number you've thought would not be the great number because those number is really close to the emergency number.

Anyway is really great idea and it is up to you, but these are just my opinions.

Neat idea!

I think your idea is good, because if I go other state I will know their relay number because it is same as my. Why don't you go that?

I agree . I hope you will make it happen. Because it will be great for us! I hope that program will be successful. Please pass it for us.

Thank you,

Dear Secretary Donna Searey,

This letter refers to CC docket 92-105.

I feel that the numbers 511 and 711 is easier for the people to remember while they're traveling through the states. We want to have an deaf yellow pages that have all people who are deaf inside the book.

Neat it is!
